## NAZIS AND NEW FRENCH IN SEA WARFARE

### Big Surface Craft For Raiding Can Also Submerge

By JEAN PIERRE SIGNY

Naval Staff Writer

PARIS, Nov. 25.—Qualified sources said today the French and British admiralties have good reason to believe that within a few months a new German creation—a fleet of large surface raiders capable of submerging when danger appears—may be attempted to prey on allies' shipping.

### BRITISH SHIP HIT IN FIRTH IS DAMAGED

20 Crew Members Wounded When Cruiser Belfast Struck

By SIDNEY J. WILLIAMS

British United Press Exclusive Cable to The Edmonton Bulletin

LONDON, Nov. 25.—The British admiralty today admitted that "a torpedo or mine" damaged the new 10,000-ton cruiser Belfast near the entrance to the Firth of Forth Tuesday, the same night a mine sank the destroyer Gipsy.

The admiralty announcement said 20 crew-members were wounded, of whom five were hospitalized for minor head wounds and shock. The cruiser is being repaired, it added.

The Belfast was the 26th victim of the U-boat and mine terror off the British Isles within a week.

The other casualty was the 1,800-ton Mangrove, sunk at anchor off the English east coast, presumably by a "balloon mine" dropped from a German plane. All 77 crew-members were rescued, though some were hurt in the water when the explosion and 12 required hospital treatment for injuries.

The admiralty's announcement of the damaging of the Belfast said "H.M.S. Belfast was damaged by

Smith, Mr. William

### Destruction Of Shipping Equals 1917

LONDON, Nov. 25.—The increased rate at which shipping has been destroyed by mines in the past week affords parallel to the German Navy's mine offensive of 1917 which sank 170 ships before the Allies brought it under control at the end of that year.

Germany started her first Great War mine campaign slowly by laying small groups of mines in the English Channel and off Britain's Scapa Flow and Firth of Forth naval bases. Most of the mines were laid by specially-constructed submarines after 1915.

### FIREMEN QUIT TOY WORKSHOP THIS YULETIDE

Chief Says Drills Leave No Time For Repairing Toys

Santa Claus is going to find his work in Edmonton lacking a few good assistants this year.

Several years ago Fire Chief Dutton started the toy repair shop, and every year since firemen at the downtown fire hall put in their spare hours repairing old toys and making new ones for boys and girls who were going to be missed by Santa Claus.

This year, Fire Chief James Macgregor has abolished the toy shop. The firemen will be too busy, he says, doing drills and other duties to enable them to put in the necessary

### SCOTLAND AGAIN HEARS SIGNAL OF GERMAN AIR RAID

British United Press Exclusive Cable to The Edmonton Bulletin

LONDON, Nov. 25.—An air raid warning sounded over the southwest coast of Scotland this afternoon, but no planes were sighted by the populace.

Earlier in the day anti-aircraft guns fired at a German Heinkel which flew over the Shetland Islands, it was the fourth successive day on which German aircraft have swooped over the islands.

There was no air raid warning given in the Shetlands, and the all-clear sign was given in the Scottish coast after little more than half an hour.

Persons in the Clyde area made for a few of the air raid shelters and, in the district, shelling, and wardens, firemen and police went to their stations and the greater part of the populace stood out in the open hoping for a sight of the sufers.

### Lawrence's Relapse

Edmonton Press

LAWRENCE, Kans., Nov. 25.—Dr. James N. Lawrence, 38, the inventor of basketball, who recently suffered a cerebral hemorrhage had a relapse Friday. He had been returned to his home and was believed recovering.

### Happiness Sleigh Starts On Its Round

What's Christmas Minus Baby In House?

Jingle bells, jingle bells, jingle all the way. See what Santa's got for you to cheer your Christmas Day; Jingle bells, jingle bells, little boys galore. A sleighful full of happiness from Santa's baby store.

So here we are again, fathers and mothers, and those who'd like to be. It's rolling around to Christmas time again, and what's Christmas without a baby in the house?

Why, if you haven't children around at Christmas time mother doesn't have an excuse for decorating the tree and hanging up stockings, and as for dad, he's stymied.

It looks like he's to see a grown man down on the rug with a toy train if there isn't a baby boy somewhere around to give him the excuse to say "It was just showing him how it works."

And just when we were about to give way to despair and feel sorry for all those children along comes C. B. Hill, Child Planning Officer of the provincial government, and presto, all our gloom turns to gladness, for here's the pick of the 1939 baby crop, and each little peep is just looking for the right basket.

Take No. 1, in the sleigh.

That's Teddy, a bright-eyed young Canadian and just as bright as a new dollar. Born July 1st last, he's husky as any young Canuck can be. Can you imagine him six years from now, tramping out his first pair of skates while you look proudly on? That will be a standstill day in your memory.

That's Teddy, a bright-eyed young Canadian and just as bright as a new dollar. Born July 1st last, he's husky as any young Canuck can be. Can you imagine him six years from now, tramping out his first pair of skates while you look proudly on? That will be a standstill day in your memory.

And No. 2.

He's Canadian too from the old Canadian stock. He's Alphonse, born August 2, 1939, as smart as a plover trap. Out, smart as a plover trap.

And No. 3.

That's Patrick, Irish me boy, an. Continued on Page 2, Col. 3

### World Ship Lanes Woe For Sailors

LONDON, Nov. 25.—Merchant shipping was subject to some delay in the lower Thames today while German mines, parachuted from planes Wednesday night, were cleared from the channel. The port of London remained open to receive shipping and conditions are now authoritatively described as normal for wartime.

CAPE TOWN, Nov. 25.—The German submarine Adolf Wermann, which slipped out of Lofen Bay Nov. 18 was sighted in South Atlantic waters, it was announced today. Thirty-five passengers, including 18 women, and the crew of 127 were all rescued.

AMSTERDAM, Nov. 25.—At the request of the ship's owners, the Netherlands government today asked its minister at London, Dr. Michiel van Vredenburg, to open an inquiry into the sinking of the 3,135-ton Dutch tanker Sildrecht Nov. 18 by a German U-boat. Five seamen from the Sildrecht reached England yesterday after spending more than a week in an open boat. No news has been received from other crew members of the tanker.

COPENHAGEN, Nov. 25.—A German mine patrol ship was sunk today in a German mine field south of the Danish island of Langeland, off Kiel Bay. German and Danish ships rescued the crew.

ROME, Nov. 25.—Informed sources said today the Allied decision to seize German exports and the tight patrol off Gibraltar and France's Foreign and African coasts would terminate the Italian ships to carry German exports to South America. Italy's foreign minister, Count Galeazzo Ciano, yesterday called the attention of the French and British governments to the consequences of the Allied blockade of Italy's commerce. Despite loss of German carrying trade, diplomats said Italy would benefit substantially by the Allied decision.

OSLUND, Denmark, Nov. 25.—Five today destroyed the Holland-American freighter Sildrecht, nearing completion here, with loss of one man. The 7,000-ton ship was launched in 1938. The 47-foot, twin screw vessel was a sister ship of the Sildrecht.

SINGAPORE, Nov. 25.—The Singapore fort fired a warning shot today when the Norwegian ship Solheim approached the mine field protecting the British naval base in which the British liner Strathmore was sunk last week. The shot was necessary, officials said, because the Solheim ignored a flag signal to halt. The port, they said, is safe if ship masters take trouble to learn where mines are located.

COPENHAGEN, Nov. 25.—Only 10 of a crew of 50 were saved when a 200-ton German mine ship was launched in 1938. The 47-foot, twin screw vessel was a sister ship of the Sildrecht.

Denmark, today, the newspaper Berlingske Aftenavis reported. "There was an explosion under the stern, and the ship went out of sight immediately," according to an eye-witness account received by the newspaper. "Members of the crew began jumping overboard, but the ship disappeared beneath them within three minutes. There was no time to lower the lifeboats."

BAYONNE, France, Nov. 25.—The French trawler Ruchel was torpedoed and sunk last week by a German submarine. It was announced today. The crew was saved by Spanish fishermen and taken to Gijon.

### Big Squeeze Nazi Export Intensified

LONDON, Nov. 25.—Neutral protests failed to sway Great Britain today from her determination to intensify her economic war on Germany by seizing German exports.

The list of countries which have made or plan to make representations against the Allied decision includes The Netherlands, Belgium, Italy, Japan, Sweden and Denmark. The last three were added today.

The only great powers among the neutrals who have not indicated their attitude are the United States and Soviet Russia.

Referring to charges, in some quarters that the government had been "inactive" in its war time responsibilities, Col. Ralston said, "If our efforts of the past 10 weeks can be judged as inactive then heaven help us if we ever have to get down to work."

The truth was the government had been so busy organizing and

Continued on Page 2, Col. 3

### ALLIES SEIZE THREE GERMAN FREIGHT SHIPS

Another Nazi Ship Said Scuttled By Crew To Avoid Capture

BUENOS AIRES, Nov. 25.—Sources with wide shipping connections reported Friday three German freighters had been captured in the Atlantic ocean by British and French patrol vessels and another Nazi freighter had been scuttled to avoid capture.

The vessels reported seized were the 3,670-ton Borkum, the 2,180-ton Elbek and the 960-ton Leander.

The Teufels was said to have been scuttled by her own crew when the patrol approached.

Clay's shipping register lists two vessels named Teufels, both German. The Buenos Aires report failed to state which ship was lost.

The Borkum slipped out of Montevideo last month without clearance papers, authorities said, and was seized under international law as a pirate ship.

UNITED STATES PLANE SHIPMENT MOVES RAPIDLY

LOS ANGELES, Nov. 25.—Shipment of war planes to Britain and France is being organized quickly following the shipment of export licenses which had held up the movement.

As part of a British order, four Lockheed bombers are scheduled to be shipped aboard a British vessel and 10 planes from the North American Aviation Corporation are ready for movement to France.

Seventeen more North American fighters are scheduled to be shipped to France and are also awaiting shipment.

Twenty planes went out last week-end.

### International

By Canadian Press

LONDON.—German bomber sighted over Shetlands; admiralty concentrates on clearing coasts of German mines.

CAPE TOWN.—German minesight reported to avoid capture by British navy.

ROME.—Italy, while formally protesting allied plan to seize German exports, is not protesting over Reich export trade.

BUENOS AIRES.—New proposals for government in first Latin American exportation of barley, vegetable products.

Continued on Page 2, Col. 4

### Canada Planning 3-Year Program In War Duration

OTTAWA, Nov. 25.—Cost of Canada's war effort for the first three years of conflict is estimated at \$315,000,000, Hon. J. L. Ralston, minister of finance, said last night in an address over a Canadian Broadcasting national network.

This is almost 50 per cent greater than all war expenditures in the first Great War up to March, 1916, the minister said.

The government is planning for a three-year program. Construction would start shortly on a fleet of anti-submarine craft, Col. Ralston said, and discussions were under way looking toward possible construction in Canada of large ships.

### GERMAN AVIATORS SUBDUED As Plane Loses Mount

By AXEL DE HOLSTEIN

Naval Staff Writer

PARIS, Nov. 25.—For the first time this week, air activity was reduced over the western front Friday. French authorities placed at 14 the number of planes lost by Germany on French and Belgian soil in the last two days.

Some observers said this high loss of excellent fighting craft sent on simple premonitory flights, may have had a soothing effect on the Nazi command and contributed to the day's quietude.

The French air force command announced an unsuccessful infantry raid in the sector east of the Meuse river, and lost a number of men and prisoners by the French forces.

Behind the lines the German command appeared to be relieving pressure slightly on the Netherlands and Belgium, shifting some of its heavy armed, contributions from those borders to other points.

The French air force command announced 30 German fighters were killed and 13 taken prisoner. It also said the 18 planes it said were brought down by French and British aviators Wednesday and Thursday.

One of the planes lost in Belgium and the four survivors of its crew were interned. Four of the eight planes downed yesterday were credited to Britain's Royal Air Force. It was estimated in the last three days more than 30 Nazi planes have been shot down.

### Mussolini Takes Flight Over Sea

ROME, Nov. 25.—Premier Benito Mussolini flew for an hour today in a bi-planes, the first since he overcame the Tyrrhenian sea. Handling his controls himself, it flew across the sea, then landed at the airport of Rome, and then flew home.

### Orchids For Billy

United Press

NEW YORK, Nov. 25.—Light-brown orchids, the most popular gift today was chosen by the New York Book Writers Association as the gift to be sent to the most popular author of the year.

### Quiet Night

PARIS, Nov. 25.—Nothing of importance to report during the night; said the official war communiqué this morning.

## Voluntary Money Gifts Sent From Many Sources To Aid Canada in War

### MOVIE STRIKE IS THREATENED BY UNION HEAD

#### Closing Of Theatres Is Threat Of Unions If Wages Not Raised

HOLLYWOOD, Nov. 25.—Movie producers rejected the demands of studio unions for 10 per cent wage increases yesterday and union officials countered with an announcement they would call a strike closing every motion picture theatre in the United States and Canada.

William Bluff, chairman of the Conference of Studio Unions, said that unless the wage increases are granted tomorrow, there would be a "general strike closing all studios and theatres."

Bluff did not mention specifically the projectionists employed in the 20,000 movie theatres in the United States and neither he nor his associates would discuss strike strategy. But in previous negotiations Bluff said that the pay increase would be obtained, if all other means failed, by the expediting of closing the theatres.

No hour was set for the walkout today at the movie studios, where 25 pictures are in the final stages of production. There are 35,000 technicians in Hollywood who would be subject to the strike call.

#### Winnipeg Man Dies In R.A.F. Accident

WINNIPEG, Nov. 25.—Major and Mrs. E. A. Deacon, Winnipeg yesterday received cable advice that their only son, Captain Flight Lieutenant Allan A. Deacon, 28, was killed in a Royal Air Force accident in England.

OTTAWA, Nov. 25.—Voluntary gifts of money to aid the treasury in paying for war efforts have "thickened and increased," said Hon. J. L. Ralston, minister of finance, said in a broadcast address last night.

He cited the following instances: "A school teacher in a small town in a neighboring country sent me a \$100 bill and an earnest expression of her belief in the justice of our cause and her desire to help." "A retired judge is sending in the treasury \$1000 in part out of a relatively small superannuation income."

"A Japanese living in British Columbia sends \$100 with the following message: 'Being a resident of Canada for 32 years, I always have been a true Canadian heart to express on behalf of my family and myself our sincere gratitude for the peace, freedom and benefits of Canada which she has rendered me during all these years.'"

"Another gentleman of moderate means has offered to lend the government \$10,000 free of interest for the duration of the war."

"Several persons are donating to the national treasury their coupons on the Dominion of Canada bonds which they hold."

"These gifts are not confined to Canada. A lady in New York City \$2,000 as a small effort in backing democracy against totalitarianism."

A wealthy non-resident has a substantial investment in Canada has voluntarily agreed to turn over to the Dominion government all interest and dividends received by him from Canadian sources during the course of the war."

#### Plans Approved For Tomb Of Pope

VATICAN CITY, Nov. 25.—Plans for construction of a tomb for Pope Pius XI in St. Peter's Basilica have been approved by Vatican authorities.

According to estimates, there are 7,500,000 aliens in the United States.

#### MEET THE MORNING ON TOP OF THE WORLD

After too much eating and drinking "alkalize" your stomach acids by this simple Phillips' Method.

"I take a glass of Phillips' Milk every morning and I feel like a new man."

No acid headache... no upset stomach or nausea. Get this swift neutralizing agent today.

It's a wonderful feeling after over-indulgence—eating too much, smoking too much... or drinking untimely... to know there is a way to wake up next morning feeling like a new man.

Here's what you do: Take 2 tablespoons of Phillips' Milk of Magnesia in a glass of water at bedtime.

While you sleep, this wonderful alkalizer will be neutralizing excess stomach acids... getting your stomach back to "normal" so you rest easy. By morning you feel good as new!

Then—when you wake—take ten more tablespoons of Phillips' Milk of Magnesia.

Phillips' Milk of Magnesia is the only one that is both a laxative and a cathartic.

Phillips' Milk of Magnesia is the only one that is both a laxative and a cathartic.

Phillips' Milk of Magnesia is the only one that is both a laxative and a cathartic.

## Right Up Their Alley

The juicy ideas produced by the fruitful brains of press agents are sometimes enough to bowl you over. One down in Florida who took this picture used some pretty symmetrical pins in a new bowling game. Idea is to knock the oranges off the gutterball without spilling them out of taped area. Virginia Dennison, Lakeland, Fla., is the fair bowler.

## Canada Is Planning Three-Year Program In Present Conflict

Continued from Page One

preparing there had been no time to tell the people what was being done. This would be remedied, the minister said.

LOAN ISSUES COMING

Expressing satisfaction in the manner Canadians had accepted their responsibilities and increased tax burdens, the minister forecast loan issues which investors would be asked to participate in as plans progressed.

"This Dominion is pledged, and even apart from its pledges to bound in its own interests, to throw its full weight into the fight against Hitlerism and its dreadful consequences," Col. Ralston said.

"I believe that never before has Canada been more united and more determined to do its part."

"The fear I have is that in this free nation the liberty of thought and speech and the freedom of expression which we enjoy and which we fight to retain may weaken our efforts by divided opinion as to how the most effective effort may be made."

"Every citizen has a right to his opinion but we ask you to realize that, sincere and valuable as these opinions are, we would get no better and accomplish nothing if we tried to force them on you."

GOVERNMENT RESPONSIBLE

"Someone must have and must take the responsibility for decision and that someone is your government."

"We will be going ahead promptly with the construction of new anti-submarine and mine-sweeping craft. The details, working out in collaboration with the British authorities, have just come to hand. We are consulting with the British regarding the construction of larger ships as well."

"The equipment of Royal Canadian Air Force personnel are being maintained on each coast and campaign of intensive air training has been launched, the minister said."

"For the maintenance of coastal defences and protection of vulnerable points, plus the raising of a division for service overseas, and a new division for service wherever work of 60,000 men have been enlisted."

"I think I can ask you to believe that I am not one who, either personally or as one charged with grave national responsibilities, wants to put any punter in a war effort," said the finance minister.

\$15,000,000 IS START

"And if any of you have any doubt about Canada being in the war let me tell you that this program with which we start is estimated to cost about \$15,000,000 in the first year of war."

"That is almost as great as our expenditure in the fiscal year 1917-18 when the Great War was at its height."

"This is going to be a long war. We must plan not for one year but for three, and it would be the height of folly if we were to economize economically that we would be in a diminishing rather than an increasing scale."

"The Empire scheme making Canada the advanced air-training ground for Australians, Canadians, New Zealanders and British, and the new hearing competition was described as 'the biggest single plan for flying training ever proposed.'"

Col. Ralston described the operations leading to repatriation of Canadian securities held in Great Britain whereby \$92,000,000 in Canadian dollars was made available to the British treasury for purchase in the Dominion.

British purchases in Canada fell into four classes, raw materials, foodstuffs, airplanes and ships, and finished munitions of war.

DESCRIPTIVE EXCHANGE BOARD

Registration of British owned Canadian securities to provide credit for these purchases would have the effect of enabling the purchases to be made, favorable as

## NANNING CITY IS CAPTURED BY JAPANESE

Chinese Official Quarters Remain Silent On Claim Of Japan Army

HONG KONG, Nov. 25.—Capt. of the Kwangtung Province capture of Nanning yesterday at the end of a 10-day, 100-mile thrust by Japanese troops aiming at China's southernmost lifeline supply routes was claimed by Japanese army headquarters.

While Chinese official quarters remained silent, Japanese said the troops were completing occupation of the Nanning area last night. The city has been a centre for China's incoming war supplies and outgoing trade.

Although not minimizing the importance of its fall, which they said was possible, Chinese contended that 40,000 Japanese force, which had not been achieved its announced objective of cutting China's lifeline and smashing the Wangsi Province army, rated among the best of China's soldiers.

Nanning is on a highway from French Indochina over which war supplies have been moving in to China. Chinese officials said the Japanese would not lose the city, but asserted the Chinese already were developing a long line road running 120 miles west of Nanning.

Chinese pointed out that more than 200 miles of mountains, rivers and deep valleys separate the Japanese from Kowloon, South China's new military and political head.

U.S. Freighter Completes Trip Out Of War Zone

NEW YORK, Nov. 25.—The first United States ship to sail for Europe after American ships were barred from the war zone under the Neutrality Act, arrived at Bergen, Norway yesterday.

Captain James Ottemo welcomed the American Steamship Lines that he had sailed the ship, the Maclean, and began the return trip to New York. The ship left New York Nov. 11.

The ship was the first of a new type they knew the vessel was no longer barred by British or German ships. It is slightly north of the area designated as banned to United States ships.

Entombed Miners Found Dead Friday

SHEENANDOHA, Pa., Nov. 25.—Under the glare of floodlights, the bodies of two miners were found last night in a mountain coal hole after they may have been entombed beneath tons of rock and debris.

Admiralty Too Light

LONDON, Nov. 25.—Members of parliament are asking members of the government to see that their efforts in the Whitehall are properly backed up. They say the Admiralty sets a bad example of flimsy flimsy.

"In certain quarters the government has been charged with inactivity. I had no idea we here in Ottawa were trying to do a fair-weather bit of work. If our efforts of last 10 weeks can be classed as inactivity then Heaven help us if we ever have got down to work."

"This criticism has probably arisen because we have been so completely occupied with getting on with the war and doing the unspectacular but very necessary work of organization that we have not taken time out to tell you about it."

"The truth is, I think, not that we have been inactive but rather that each of us has tried to do almost too much."

Speaking of the war taxes imposed during the special session of parliament in September, Col. Ralston said "the way these tax increases were received spoke volumes for the unity and determination of the people of Canada."

CAUSE WORTH INVESTMENT

"You can be sure that you will have further opportunities to demonstrate and emphasize that determination. Undoubtedly we will from time to time be called upon to all in subsidizing generously to loans to assist in financing the war. The cause is well worth the investment if it means anything to us to have a world in which we can live our lives in peace and security."

"This ladies and gentlemen, is a call to service in the common army. There will be very little excitement and less glory, and the need for morale and the ability to 'stick it' will be all the greater. But remember this—that in the present war, materials and money count so much that a resolute, loyal and enthusiastic economic front line may be the determining factor."

"In closing let me say this further word: I believe that in the time available nothing has been or is being left undone which could reasonably be done by your government and by the public service to give full effect to the contribution which Canada is making to this war, and I believe equally that every Canadian will do his or her utmost to make good the undertakings given by the government in your name. In this vital struggle there is no room for the least and value most is at stake."

## Cable News In Brief

BERGEN, Norway, Nov. 25.—Twenty ships carrying Russian timber are tied up here awaiting orders. A number bound for England, including two Estonian, two Finnish and one Swedish vessel, are awaiting their cargoes because they were unwilling to cross the mine-infested North Sea.

LISBON, Nov. 25.—Adolf Hitler sent a message of felicitation Friday to General Oscar De Fragoso Carmo, President of Portugal, who celebrated his 70th birthday.

BERLIN, Nov. 25.—The official gazette announced last night that the Polish zone in Poland would be to be liquidated after Nov. 27 in eastern Polish territories incorporated into Germany. After that date, the announcement said, the only legal currency would be the reichsmark.

The story was quoted in New York at 1:50 p.m. The mark is worth 60 cents.

GIBRALTAR, Nov. 25.—Air raid precautions were rehearsed here last night during a 12-hour blackout. All inhabitants stayed in bomb shelters until the all-clear signal was given. The frontier with Spain was closed for an hour.

PARIS, Nov. 25.—Germans Clemenceau, "The Tiger" spent his last years tormented by the fear that blind hatred in the first Great War would not be present generation from a new configuration, Jules Jeanneney, president of the French Senate said during a speech in the House of France's former premier before a distinguished group of statesmen and French leaders gathered to commemorate the 10th anniversary of Clemenceau's death.

BERLIN, Nov. 25.—Martha Krause, a shipwrecked, was sentenced Friday to 20 years in prison for selling wool, butter and textiles and for demanding the customers' production ration cards. The accusation: injuring the Reich's war economy.

PREMIER ASKED ATTEND WHEAT POOL MEETING

CALGARY, Nov. 25.—Premier William Aberhart has been invited to attend the annual convention of the Alberta Wheat Pool here next Tuesday.

Others invited to attend the session are Paul F. Bredt, Winnipeg president of the Canadian Wheat Pool and Manitoba Pool Elevators, Ltd.; J. H. Wesson, president of the Saskatchewan Wheat Pool; W. A. Macdonald, Winnipeg, director of publicity for the Canadian Wheat Pool, and Don Kono, Winnipeg, manager of Manitoba Pool Elevators, Ltd.

Principal speakers at the session will be Glenn J. Talbot, president of the Farmers Union of North Dakota. He will deliver an address on the achievements of his organization at a banquet to be held Wednesday evening.

An eminent Pennsylvania doctor says that the average man of 50 has over 50 tons of fat on his back.

Laurel's Divorce Is Not Set Aside

LOS ANGELES, Nov. 25.—Judge Joseph Vickers declined yesterday to set aside a divorce decree filed yesterday by comedian Stan Laurel from Hilma Laurel, Russian singer and dancer, saying he believed she had committed perjury.

Some time ago she drew in a slight foot line, Prairie Cereal Plant was forced to close down for some necessary repairs and improvements.

Now, the management takes pleasure in announcing that their factory has been completely modernized in every detail of machinery, decoration, etc., and that they are ready to supply the increasing demand for "Prairie Cereal" Products.

We also wish to thank city and country dealers for their patience and any inconvenience we may have caused.

## THREE CALGARY OFFICERS WILL GET NEW POSTS

CALGARY, Nov. 25.—Three Calgary officers have been transferred to headquarters of the second infantry brigade, commanded by Brigadier G. R. Parkes, V.C., D.S.O., M.C., it was reported yesterday. They are Capt. Fred Adams and Lieut. Douglas Robertson of Calgary Highlanders, and Lieut. J. W. Proctor, Royal Canadian Army Service Corps.

Belief the brigade headquarters will be stationed in Calgary at Currie barracks was strengthened by the fact that members of the headquarters staff were arriving in the city. They included men from Winnipeg, Regina, Edmonton and Vancouver.

Major R. Keller, Regina, arrived here yesterday. It was rumored he will be attached to the brigade staff.

The so-called "pure snow" that falls from the clouds contains 200 times as much lead as ordinary snow, according to a report from the U.S. Army, and is said to be a health hazard.

## Prairie Cereal Plant Operating Again With Modern Improvements

Some time ago she drew in a slight foot line, Prairie Cereal Plant was forced to close down for some necessary repairs and improvements.

Now, the management takes pleasure in announcing that their factory has been completely modernized in every detail of machinery, decoration, etc., and that they are ready to supply the increasing demand for "Prairie Cereal" Products.

We also wish to thank city and country dealers for their patience and any inconvenience we may have caused.

## Bentley Reeve Holds Envious Record as Municipal Official

By MRS VIOLA MACDONALD

Prominent among the many municipal councillors gathered in convention at the Macdonald Hotel here, was "Dean of Reeves" Harry A. Bentley, of Bentley, who holds an enviable record in the administrative experience in Manitoba, he first served as councillor in Alberta in 1900 when he was elected for the district of Lorne. Since then he has been either councillor or reeve without interruption. Mr. Bentley is also the president, since its inception, of the Central Alberta Association of Municipalities, with headquarters at Red Deer.

Although he had considerable experience in Manitoba, he first served as councillor in Alberta in 1900 when he was elected for the district of Lorne. Since then he has been either councillor or reeve without interruption. Mr. Bentley is also the president, since its inception, of the Central Alberta Association of Municipalities, with headquarters at Red Deer.

He came west, all the way from his native England, in 1883, just in time to share in the excitement of the capture of Louis Riel.

**EDMONTON PIONEER**  
Mr. Bentley was a well known figure around Edmonton in its early days. He lived at the Alberta hotel and worked as an engineer on the "Oiler," the largest and finest dredge ever launched on the Saskatchewan river. That was away back in 1889 and 1899 and many are the exciting tales that he would tell of those good old days.

**TURNED DOWN**  
Dredging days were followed by gold panning along the river between the Brazeau and Battleford. It was while there that he met the "Telegraph Creek" that Bentley first heard the news of the Brier War. Hurrying back to Edmonton, Bentley was turned down by the mining office because he was too short of stature.

Instead of going to South Africa, Bentley went to Gull Lake where he launched the "Sea Gull," the first steam boat ever to ply those waters, and where he established a mill. Then, and now, famous summer resort at Bentley's Landing. From this beautiful vantage point on the shores of Gull Lake, situated two miles from the village of Bentley, the Dean of Reeves administered with precision and aplomb his affairs of state.

## W.I. In Northern Alberta

**VERMILION**  
Mr. McCumber of the public school staff was a visitor and addressed the meeting on educational matters, styling his address, "The Triangular Triangle," in which he traced the development of the teachers and children. He stressed the need for respect for those in authority and urged parents to assist in securing better school work.

**EDSON**  
Speaking on health matters, Sister Zine of St. John's hospital, discussed the cure of the various stages of life. Mrs. McMillan was welcomed as a new member.

**GRIFFIN CREEK**  
Members agreed to continue the exhibition of quilts at handicraft conferences and made arrangements for a sale.

**ALBERT**  
A fine display of handicrafts drew the admiration of those present at the meeting at the home of Mrs. W. H. Hay. Mrs. Colborne, of Mangwila, welcomed the exhibit. Rang-making will occupy the attention of the members when they receive a course from the extension department. A recent bazaar was held at the general fund.

**ANGUS RIDGE**  
Two pioneer residents of the district were honored by the institute at a recent meeting. Mrs. J. W. Halsey, who celebrated her 75th birthday last month, received the congratulations of her many friends and was presented with a gift of honor. Mrs. Halsey was also presented with a gift of honor. Mrs. Halsey was also presented with a gift of honor.

**PICARDVILLE**  
Tracing the fur farming industry from its beginning to the extensive industry it has become today, Mr. Harrington gave an interesting talk at a meeting held at the home of Mrs. Sutherland recently.

**PRIMROSE**  
Mrs. J. J. Gully presented the institute with a paper on the use of proceeds from the sale of wool which will be used for charitable purposes. Members are planning a Christmas dance.

**ALHAMBRA**  
Miss Sande read a paper on adolescent education at a recent meeting. Members are planning a Christmas dance.

**PARADISE VALLEY**  
Members are active in patriotic work and have not yet wool from which to knit mitts for soldiers. Mrs. Thomas, Red Cross representative, addressed the meeting and an auxiliary comprising institute members and other women in the district will be formed. Preparations are also under way for the usual school Christmas tree. A social party has been a recent means of adding to the general funds.

**MILEET**  
The institute will take a course in health, food and nutrition after the holidays and at the meeting. Mrs. Halsey, who celebrated her 75th birthday last month, received the congratulations of her many friends and was presented with a gift of honor. Mrs. Halsey was also presented with a gift of honor.

**MOUNTAIN HEIGHTS**  
A social afternoon was spent when Mrs. Bradshaw entertained the W.I. Mrs. Pearl Liddick led an interesting evening on agriculture and other Canadian industries.

**SEKSMITH**  
The dramatic club was present at a recent meeting and entertained members with a radio play to Mrs. Paul Gowen. Mrs. Turner, a Kins-

A dance, which is to be given annually to assist the Fairview Community Hospital, was held Wednesday. Members of the hospital board are: K. J. Martin, chairman; P. Makinson, secretary; J. Smith, M. Shuttleworth, J. McKay, Mrs. Fred Kyle of Whitehall and Jim Murray of Blue Sky.

The annual meeting of the Women's Institute for the election of a new executive will be held December 7, 1939. The W.I. expects to work with the Red Cross. The executive of the present organization comprises: Mrs. R. D. Van Hook, president; vice president, Mrs. R. Russell; 2nd vice president, Mrs. H. Malvern; secretary-treasurer, Mrs. D. Forgie.

**MORRIS**  
An old timer of the Morris district, Leonard Wallis, died at the Holy Cross hospital, Calgary, last Tuesday, at the age of 90 years. Wallis, who was a single man, homesteaded in the Morris district. He came to the district in 1867 from Alvin, Ontario, and had resided here ever since.

The deceased is survived by four brothers, John, of Shiraz, Ont.; Thomas, of Alvin, Ont.; and Matt, of Morris. Funeral services under the auspices of the Drumheller branch of the Elks Lodge, were held in the Elks Lodge, here, on Tuesday. Rev. F. Foster, of Munich, officiated. Interment took place in the Munich cemetery.

**LACOMBE**  
A large crowd attended the concert held in the United Church here on Wednesday evening, which was sponsored by the church choir. The program was given by the choir, with Mr. M. L. Waters as the organist.

The Lacombe club elected president of the Lacombe club president of the Lacombe club. The club will hold its annual meeting on Wednesday evening. Other officers elected were: vice-president, Mrs. M. L. Waters; secretary, Mrs. M. L. Waters; treasurer, Mrs. M. L. Waters; and members, Mrs. M. L. Waters.

**STETTLER**  
The Stettler Senior C.G.T. held a very successful fall and winter dance on Tuesday in the basement of the United Church. The dance was given by the club, with Mr. M. L. Waters as the organist.

## DESIGN NO. 650—OLD HOMESTEAD, SAMPLER AND CUSHION

When we were very young a panel and cushion top similar to these graced one of our living rooms. That is why we had so difficulty visualizing what you meant when you were asking us for a "crazy style living room ensemble with a real old-time flavor." Worked in bright threads or all black this set is something to cherish through the year. Make one for a friend's Christmas box.

The pattern includes transfers of the design, color suggestions, material requirements and all instructions for finishing.

To order this design, write your name and address on a piece of paper and send with 15 cents in coin or stamp to Needlework Department, The Edmonton Bulletin, Edmonton, Alberta.

## STAGE DRIVER TUMBLES DOWN CLIFF TO DEATH

KELOWNA, B.C., Nov. 25.—The body of Robert Shillingford, 37-year-old stage driver and husband of Mrs. Isabel Shillingford, was found in a ditch near the Kelowna apple packer of the British Empire, was discovered at the bottom of a 400-foot cliff eight miles north of here yesterday.

Shillingford left Kelowna Thursday night for McCulloch, B.C., a small station on the Canadian Pacific Railway Company's Kelowna Valley line. Apparently the stage plucked from a narrow mountain road to the bottom of the Kelowna Canyon.

Mrs. Shillingford returned only yesterday from a tour of the prairie provinces as member of a goodwill caravan which gave exhibits in principal cities.

# A Page Devoted To Model Centres To Be Built By Gray-Y

DETERMINED to fulfill the object of the Gray-Y movement, an international organization of grade school Y.M.C.A. boys, who have as their purpose the making of themselves better citizens for the community in which they live, Edmonton members of the society are constructing scale relief maps of model communities.

Ken McPherson, one of the most important youth projects being held in the city this weekend is the Boys Work Group Leaders' training conference, which opened at the Y.M.C.A. Friday.

## LARGE PROJECT

The model community will represent a large city block, containing 20 separate cottages, 12 apartments and 16 garages. Centre of the block will contain a large playground, and the entire area will be surrounded by a low wall and covered by a park.

It is the hope of the sponsors of the Model Centres competition that these models will aid in determining the value of architecture at the University of Alberta, as to be part of the Urban Planning Commission's display at the 1960 Edmonton Exhibition. They will be built to scale and completed by the end of the year.

Northwood United church people have a new trophy representing their success in the Young People's Debate Contest. The trophy was presented to the team by the Y.M.C.A. last week.

With youth clubs being organized all over the city, right now is the time to make a real effort at amalgamating the various groups into one single body which will be able to accomplish truly worthwhile things for the boys and girls of the city.

Everyone sending news for publication in this page by youth societies and organizations throughout the city and country districts. The number of news items being published has been increasing steadily and is still increasing. In order that the editors of the Bulletin may be able to do this, we are going to ask you to be brief and to the point.

## MYSTERY OF THE STOLEN JEWELS

Here is what happened in last week's installment of Elus McGarvey's serial. The girl who took the stolen jewels from the school teacher, Mrs. Holmes, was going to the school. She was going to the school. She was going to the school.

Thursday night. Why wasn't it more? What was the girl looking like? Will she be short and stout or tall and thin? Everyone is waiting to find out.

They cleaned out their little room especially that morning. When the bell rang the girls almost ran downstairs.

In the hall they saw a lady about 55 years of age. She was very beautiful, with black wavy hair. Just before the girls went to their classes she said:

"Years ago I taught school. I think it is a very fine school. Here you think the school is terrible. Here a few days then I shall have to join my husband. Thank you."

After lunch they were allowed to go to the "Black Socks" room. They took a different path from usual because they would likely have met Mrs. Holmes on their way.

When they reached the house it was almost 2 p.m. They stayed by the west gate and waited for a while. Soon they heard a car moving about. They were looking in the window and saw Mrs. Holmes.

"Why, what do you want to know for?" she asked. "I am just wondering," she replied.

"Mrs. Holmes is at home and at school," she said.

"Mrs. Holmes is at home and at school," she said.

"Mrs. Holmes is at home and at school," she said.

"Mrs. Holmes is at home and at school," she said.

"Mrs. Holmes is at home and at school," she said.

# NEWS AND VIEWS OF ALBERTA YOUNG PEOPLE

## School Boys' Band Planning Concert Here

The band will conclude its 1959 season with a grand concert in the Empire Theatre on Saturday, December 2.

Despite the fact that the personnel of the band is continually changing because of students graduating from the school, Bandmaster T. V. Newhouse has developed the band until it is one of the leading musical groups in the province.

The band was organized just two and one-half years ago. During the past season the band enjoyed its most auspicious year. It played at 15 of the World Championship Exhibitions.

Five pretty majorettes were a new addition this year. Misses Leona Falkenberg, Dorothy Henel, Norma Johnson, Barry Bear and Olga Sakowski, thrilling audiences with their expert band twirling.

The concert to be presented at the Empire Theatre Dec. 2 will include the following numbers: "Post and Prentice Overture," "Wise Men," "Gregor Paltor," selections from Victor Herbert, and many outstanding marches.

The band was organized to provide entertainment for Edmonton citizens, and to train the students for better and more useful citizenship. The band has extended a hearty welcome to the public of Edmonton to attend this concert of the year, thereby lending their support to this promising and worthwhile organization.

Seventy-five members attended a meeting at Robertson United church Tuesday when A. C. Grant spoke on the "Mistle of Wheat." Program was in charge of Jim Millar and Jack Hamilton.

The Wesley Young People's group has been divided into four sections: musical, social, musical and discussion under Pat Scott, Beldora Cullen, Lawrence Timmons and Ernest N. respectively. At a meeting last week, Lenore Timmons and Pat Scott were in charge of the program. The Wesley bowling team is meeting with great success.

Tilley Lamb has been elected president of the Central Youth Council. The group is planning to hold a social and musical evening at the mission house, 1001 St. Stephen's College, who gave an interesting talk on his life and work in the mission house.

Norman McGarvey, serial and story writer, will be giving a talk on his life and work in the mission house. The talk will be given at the mission house, 1001 St. Stephen's College, who gave an interesting talk on his life and work in the mission house.

# Featured Every Saturday Scouts Open Annual Yule Toyshop Drive

TO CHILDREN Christmas is a Toyland paradise, and in order to make that paradise a reality Scout leaders have already begun packing up toys and gifts for the Yule Toyshop Drive. Every Saturday the Dominion set up their annual toyshops. These workshops pour thousands of broken or rickety toys for skilful renovation.

Working full time with the drive are the Scouts of the city and the Scouts of the province. They are working on the drive to make it a success. They are working on the drive to make it a success.

## CONTROL OF WAR PROFIT URGED HERE

### Municipal Convention Asks Restrictions On Armaments

Strict control of all war profits to prevent anyone from making profits of the manufacture of war material during the duration of the war and further that no individual be allowed a greater income than the common soldier.

The convention endorsed a resolution stating "That no individual or organization be allowed to make any profit on the manufacture of war material during the duration of the war and further that no individual be allowed a greater income than the common soldier."

Next year's convention will be held at Calgary, the convention decided.

Neil Primrose, of Vancouver, president of the Urban Municipalities association, told delegates his organization would welcome co-operation with the rural body.

## The Eye of An Eagle

Birds, as everyone knows, are far-sighted; they can see small objects at great distances. This is because their eyeballs are elongated, so spherical like the human eye. When the human eyeball is larger than it should be, far-sightedness results, and close tasks such as sewing and reading are blurred and dim. Proper glasses correct far-sightedness and give clear, sharp vision for close tasks. Vision is important—see—

## SURPLUS FOR UTILITIES IS NOW \$385,135

### Services Yield \$863,097 to City Treasury, Report Shows

Net surplus from city-owned utilities for the first 10 months of 1939 was \$385,135 greater than for the same period in 1938, being \$385,135 against \$739,192, according to a statement issued Saturday by city commissioners.

Including taxes of \$477,962, the utilities yielded \$863,097 to the city treasury, as against \$852,855 for the same period a year ago, when taxes of \$477,963 were paid.

**REVENUE JUMPS**  
Revenue of the utilities jumped \$180,747, being \$3,585,976 up to October 31, as against \$3,405,229 in the same time a year ago.

Electric light department showed the greatest gains, with \$204,441 more revenue for the period than last year, the increase being \$101,833 as against \$98,294.

Individual net surpluses showed the power house as the biggest profit-maker, with \$186,639; others being electric light, \$114,832; telephone, \$141,243; waterworks, \$4,059.

**SURPLUS ON EXPENSES**  
Although the street railway had a small surplus after expenses of operation, capital and depreciation charges, it reported a deficit of \$41,488 after paying taxes.

All utilities contributed \$280,993 to reserve accounts, as against \$212,847 for the same period in 1938.

**A-R-O-U-N-D  
THE TOWN**

A meeting of the Edmonton board will be held at 8 p.m. Tuesday in the board room, 500 Civic Block.

**M. J. McCune, M.L.A.,** for Glenora, James Hartley M.L.A., for Morley and A. W. Fleming M.L.A., for Cypress, were visitors at the legislative buildings, Saturday.

Mrs. Jane Hamilton, widow of the late James Hamilton, died Friday at the residence of her daughter, Mrs. J. B. Cameron, 10751 25 avenue, at the age of 60 years.

There were 21 cases of chickenpox reported last week, compared with eight last week, it was reported Saturday by the health department. Scabies had two cases that week and a fever had two cases that week and a fever had two cases that week.

Federal services were held Saturday afternoon from Andrews' chapel for George Payne, 82, of 2525 82 avenue, who died here Wednesday. Mr. Payne, a native of Ontario, had been a resident of the city for the past 20 years. Rev. Canon G. Reynolds officiated at the funeral, which was held in the Edmonton cemetery.

Found guilty in supreme court Saturday by Mr. Justice W. R. Howe on a charge of procuring an abortion, Mrs. Kay Daniels, Edmonton, was sentenced to serve one year in the Regina penitentiary. The jurist said he was accepting representations of accused's counsel in passing a lenient sentence.

**Hon. D. B. Mulvin,** minister of agriculture, is expected to address a public meeting at Stettler on Wednesday next, Nov. 29 at 8 p.m. During the afternoon the all-day convention of the Stettler Social Credit group will be held and the public meeting at night will be under Social Credit auspices. On Friday night Mr. Mulvin addressed a meeting of the Women's Auxiliary of Calgary Social Credit group.

A veteran of the first Great War, William Smith of 3045 103 avenue, died here Thursday at the age of 82 years. He served overseas in the Canadian Infantry Battalion and was a member of the Canadian Legion. Funeral services will be held Monday at 2 p.m. from Connelly and McKinley's chapel with Pastor H. C. Smith officiating. Burial will be made in the Soldiers' Plot of the Edmonton cemetery.

Churches built on English crown land have not been permitted to drug beds since the Reformation.

## Jolly Tars Hang Out The Washing

### The Inquiring Reporter

**THE QUESTION:**  
Killing one bird with two stones was the novel idea used by The Bulletin's Inquiring Photographer today as he asked soldiers two questions instead of one.

They were, "What do you think of the new battle dress uniform issued to soldiers?" and "What can you give a soldier for Christmas?"

The latter was submitted by Violet Bertram of Great Britain, who wins a dollar for her query.

**THE ANSWER:**  
PTE. W. F. CUMSKY, Edmonton Regiment, Calgary, Alta., "I've a new uniform! I'm sure ready to wear it when we get our issue. Some folks say they like a little Boy Scoutish look, but I don't think so. What for a Christmas? I happen to know my wife has bought me a silver ring. A watch makes a good gift for a private like me."

**PTE. L. FRIDDE,** Edmonton Regiment, Edmonton, Alta.: "The new battle dress is great. It's a lot more comfortable and it gets into you fast to get into. You can sleep in the next morning just try it because you've no buttons to shine or put in to wind. Besides, you get a new issue. Some folks like the new battle dress, because they have bought me a silver ring. A watch makes a good gift for a private like me."

**PRIVATE L. FRIDDE,** Edmonton Regiment, Edmonton, Alta.: "The new battle dress is great. It's a lot more comfortable and it gets into you fast to get into. You can sleep in the next morning just try it because you've no buttons to shine or put in to wind. Besides, you get a new issue. Some folks like the new battle dress, because they have bought me a silver ring. A watch makes a good gift for a private like me."

**PRIVATE L. FRIDDE,** Edmonton Regiment, Edmonton, Alta.: "The new battle dress is great. It's a lot more comfortable and it gets into you fast to get into. You can sleep in the next morning just try it because you've no buttons to shine or put in to wind. Besides, you get a new issue. Some folks like the new battle dress, because they have bought me a silver ring. A watch makes a good gift for a private like me."

## INTERMEDIARY WILL HANDLE ALIEN LETTERS

### Toronto Firm Forwards Harmless Messages To Enemy Territory

OTTAWA, Nov. 25.—Mr. Hon. Ernest Lapointe, minister of justice, in his capacity as acting secretary of state, and Postmaster General C. C. Power, announced last night that Thomas Cook and Son, Limited (86 King St. Toronto), has been appointed licensee of intermediary for the forwarding of harmless social messages to persons in enemy or enemy-occupied territory.

Private letters to enemy or enemy-occupied territory sent through a neutral country are now allowed to be forwarded at the sender's risk as to delivery in the country of destination, subject to the usual conditions of censorship when sent through the intermediary of Thomas Cook and Son.

Letters cannot, however, be forwarded direct to enemy or enemy-occupied territory.

British subjects and others in Canada wishing to communicate with relatives or friends in enemy-occupied countries should forward their letters to Thomas Cook and Son, accompanied by a remittance of 50 cents to cover expense of transmitting the letter to a neutral country, the transmission from there to the enemy territory, and the transmission of the reply to the sender in Canada.

### R. A. F. PILOT GIVEN MEDAL ON DEATH BED

WITH THE ROYAL AIR FORCE IN FRANCE, Nov. 25.—A British airman received the Middle Medal for bravery after he died of wounds in a French hospital. It was revealed last night.

A French general visited the mortally wounded youth and pinned the decoration on his breast.

The airman, first Royal Air Force man decorated for gallantry in France this year, was Sergeant Observer J. Vickers, 24, of Birmingham.

Vickers was the observer in a Bell bomber which shot down a German Messerschmidt over the Maginot line. Although gravely wounded by machine gun fire he continued his duties as navigator, maintaining the pilot until the machine landed safely. Then, faint from loss of blood, he was rushed to hospital where he died later.

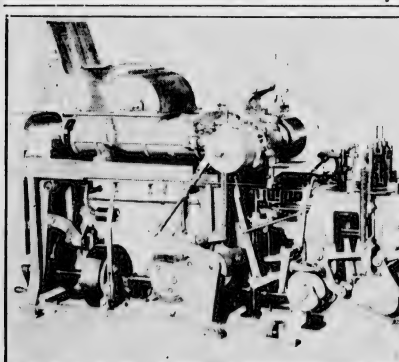

### Debunker

THIS IS NO DANGEROUS  
LIQUID INSIDE GOLF BALLS

A popular fallacy widely believed by golfers is the idea that in the inside of many golf balls there is a liquid that will cause instant blindness if it gets in one's eyes. There is no truth in this. The liquid in many golf balls is nothing but honey.

## Modern Unit at Burns' Creamery

This new machine is the last word in butter wrapping equipment and has just been installed in the Edmonton branch of Burns and Company Ltd., creamery department. This machine cuts, molds and wraps every pound and half-pound of Burns' Glendale butter without human hands coming in contact with the product from the time of churning until it reaches the merchant's counter.

## The War This Week

By DON GILBERT

Canadian Press Cable Editor

GERMANY'S resort to unrestricted mine warfare in the North Sea and the decision of Great Britain and France to seize German seaborne exports in retaliation were the important developments of the twelfth week of the war.

Unmanned mines believed to be of magnetic nature, dropped along the heavily-travelled sea lanes at night by submarines and low-flying aircraft, took a toll of upwards of 25 vessels, allied and neutral, ranging in size from freighters to a 12,000-ton Japanese liner and including the British destroyer Gylpis.

British naval research experts sought to assure one of the unexplained mines in order to come with a view to developing counter-measures. The admiralty at the same time organized new flotillas of mine-sweepers to cope with the mine and advanced plans to equip sweeping ships with special mine-sweeping devices.

ALIENS WIN IN AIR  
While Germany enjoyed success at sea—illegal successes because the sowing of unexploded mines contravenes international law and specific international agreements—the allies displayed marked superiority in the air.

In the largest and most fiercely fought dogfight of the war, British and French aircraft scored decisively over the Germans on the Western Front, bringing down as many as 13 German planes in a day. Nine hostiles began their attack, but German aircraft have been shot down.

Britain's decision to take another step towards the economic isolation of Germany by seizing exports in addition to imports was announced yesterday by Prime Minister Chamberlain as an answer to the enemy's continued brutality in methods of war. France took similar action the next day.

NEUTRALS UNDERSTAND  
There were representations against the British action from Belgium and the Netherlands, whose ships carry a large volume of German exports, but in most neutral countries, the necessity of the British counter step was understandably acknowledged.

Germany's desperate campaign to obtain supplies in the Balkans has a repercussion in the Rumanian cabinet. The ministry resigned rather than devote the Rumanian currency at the behest of Berlin and King Carol announced the seized pro-ally statement, George Talarcescu, to form a new government.

Within Germany the Gestapo created a diversion of interest by announcing the arrest of a German named George Elser as the culprit of the Munich beer cellar explosion and the kidnapping of two British subjects on The Netherlands border. In London it was announced the Gestapo had gone to the frontier to investigate the authenticity of supposed German peace proposals. The Gestapo police agents seized them and an accompanying Dutch officer, driving them across the border in Germany.

GLANCING BACK 25 YEARS  
Snow and rain damped up military activity in the north of France in the week of Nov. 1923, 1934. Germany threatened the Russian army near Warsaw. British Indian forces took Bursa and defeated the Turks at Sial-El-Arab. Portugal entered the war on the side of the allies.

B.C. Introduces Bill To Acquire Doukhobor Lands  
VICTORIA, Nov. 25.—A bill empowering the government to acquire all West Kootenay Doukhobor lands involved in foreclosure actions by the Sun Life Assurance and National Trust companies was introduced in the British Columbia legislature Friday by Premier T. D. Pattullo.

The measure would give the provincial government authority to sell, lease, mortgage, or dispose of all or part of such lands acquired to occupants or to other persons.

## FRENCH SURE FOE IS STILL ON DUTCH BORDER

### Lack of Railway Movement Behind Lines Is Noted

By AXEL DE HOLSTEIN

Dutch Staff Writer

PARIS, Nov. 25.—Lack of heavy railway traffic behind the German lines convinced French military authorities today that widespread troop movements spotted during the last few days near Aachen cannot be interpreted as a shift of German armies away from the Dutch and Belgian borders.

Sixty trains are needed to move a single division. No concentration of trains such as would precede a mass departure of troops has been reported to the general staff.

French authorities, though watching German moves closely, were inclined to believe that economic and transport difficulties attendant on huge troop concentrations had forced the German staff to spread its reserves over a slightly wider area.

This does not indicate a shift away from the west, French experts said, because the troops could be reassembled in their former positions in 24 hours. The movement had previously been interpreted as preparing a transfer of German strength southward toward Russia following collapse of German-Rumanian trade negotiations.

Only a single German raid, ten miles east of the Moselle river, and frequent artillery fire broke the calm which broadened over the front lines yesterday. This morning's official French communiqué said: "Nothing important to report during the night."

WEDDING PARTY  
SAVES BURNING  
HOME ON FARM  
NAROL, Man., Nov. 25.—Members of a gay wedding party left their automobiles early Friday near this town, 10 miles north of Winnipeg, to assist a sleeping farmer and his family and form a bucket brigade which saved the farm house from destruction by fire.

The bride and groom, Mr. and Mrs. M. Marjan, were returning to Winnipeg after a wedding party at the home of the bride's parents. The group, which included N. V. Bachynsky, member of the Manitoba legislature, noticed the fire and, wedding party disregarded, rushed to assist Tom Marjan, his wife and children. All took a hand carrying buckets of water from the well to extinguish the flames.

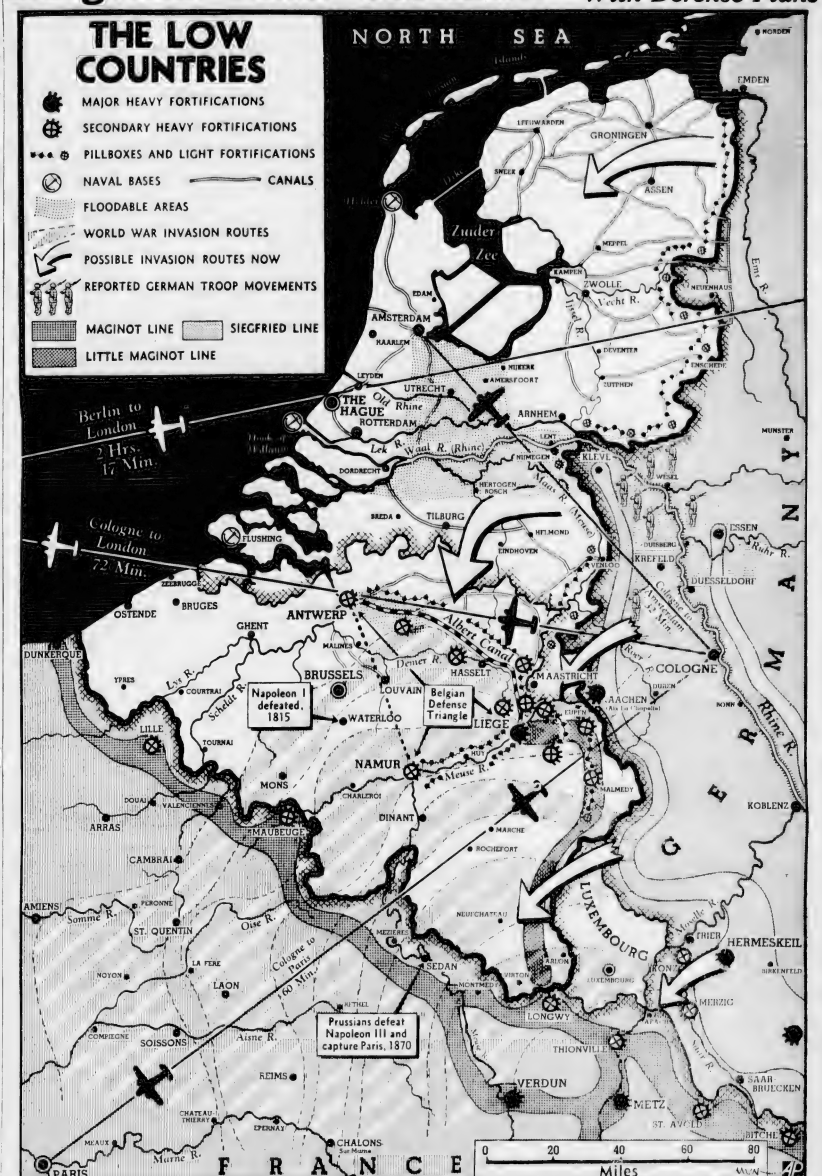

New Niagara Span May Be Completed For Use In 1941  
NIAGARA FALLS, N.Y., Nov. 25.—A new international bridge, spanning the Niagara river between this city and Niagara Falls, Ont., may be ready for use by April 1, 1941, testimony at a public hearing indicated yesterday.

Edward Lupton, Buffalo, N.Y., consulting engineer for the Niagara Falls bridge commission, said construction can start in January as the result of approval by John Henry, Ont. Jr., state attorney general, of a contract for sale of bonds to finance the structure.

A petition signed by a number of persons in a circular form is called a "round robin."

## Belgium And Holland

## Bolster Neutrality With Defense Plans

HOLLAND'S premier says his country has nothing to fear from the war, and German scoffs at reports it intends to invade the low countries. Nevertheless, Belgium and the Netherlands have been preparing for months against any eventuality—even to the last flooding of some of its lands. This map shows why—and what kind of an invasion is a long time dying down.

Ever since Caesar's time the warpaths of Europe have crossed the two little neutrals, wedged between France and Germany. These countries provide the only land route around the fortified lines and the mountains of the western front. The shortest air bombing routes between London and Berlin strike across them. German air bases established in them would halve the bombing time between Germany and England. German sea bases established along their coast would greatly increase Germany's ability to menace the British naval blockade.

Would a German invasion be successful? Military men who provided the information on which this map is based say the answer depends on the German objective. If Germany tried to drive into France by getting around the Maginot line, they say the odds would be 4 to 1 against success. They reason that the Belgian, Dutch, and British armies should be able to hold the invaders at the French-Belgian border. Then the defenders, including the main French army along the Maginot line could counter-attack. That they say, would give the Germans too long a line to defend.

But if the Germans tried only to establish air and submarine bases closer to the British Isles, the strategists say the chances of at least temporary success would be better than two to one. For the main German thrust could be made through southern Holland (large arrow), with auxiliary attacks at a number of other points (smaller arrows). Military observers be-

lieve that in such a case, the Belgian and Dutch armies would eventually drop back to the French border.

Or the Germans might thrust through northern Holland and work down the coast—Holland's whole eastern border is vulnerable. In any event, say the strategists, the much talked about flooding of Holland's lowlands would offer little defense. For the Germans could get around the floodable areas, as the map shows, and not try to fight their way through the water unless it were frozen.

Besides the areas shown, though, many sections might be flooded, and scores of canals in flooded areas would become invisible traps for war machines.

The Belgians, first to feed the German might in 1914, have a much more elaborate defense system than the Dutch. Its main parts are the Little Maginot line, modeled on the French system, and the 220-foot wide Albert Canal, which has defense units on each side.

## SOLDIERS MAY HAVE AS MUCH BREAD AS LIKE

OTTAWA, Nov. 25.—A soldier of the Canadian active service force can have as much choice of bread as he wants, but with this stipulation—every piece taken must be eaten.

This is one of the regulations relating to diet drawn up by the quartermaster general's branch and made public last night by Lt. Col. J. H. McLeod, Quartermaster.

A well-balanced diet of high caloric value has been laid out by the branch after consultation with the

## CLAIM HITLER OWES POWER TO GRASP OF WORDS

PARIS, Nov. 25.—Adolf Hitler owns his rise to power to the grasp of the "power of words" Otto Strasser said in an interview with the French press.

Strasser, leader of the Nazi dissenters who call themselves "The Black Front" had been accused of being the organizer of the time when Hitler seized power in Munich, November 8.

The "haired bear" for Hitler is the most, perhaps the most, of his life, said Strasser, who

## Mexico Will Sell Total Oil Output To American Firm

MEXICO CITY, Nov. 25.—Usually reliable sources yesterday reported the government-controlled oil administration had contracted to sell Mexico's entire oil output to an independent American concern.

These sources said the sale was made despite existing contracts with Italy, Germany and South American buyers because the war made it impossible to transport oil to these countries.

Because of the immediate decline in the oil market with a U.S. embargo, Mexico was reported willing to risk the invalidating of previous contracts.

**REACH TOTAL  
153 FOR WEEK**

LONDON, Nov. 25.—Sea warfare, which peaked up a week ago by sudden

**SAID SOLUTION  
TO SOCIAL ILLS**

MONTREAL, Nov. 25.—The cooperative movement may hold the key to solving social problems, that

The North Sea sent the known toll ships since last Saturday to 27 and the war total of all nations to 33. The British lost list to 83 and the Dutch toll of five. France has

More than 2,033 persons have lost their lives. More than 116 have been listed as missing during this month.

**PUBLISHERS OF  
RED LEAFLETS**

TORONTO, Nov. 25.—Provincial police circulars were issued here yesterday advising authorities throughout Canada that warrants have been issued for the arrests of persons named in the leaflets.

**FLYING SANTA  
AGAIN VISITS  
LIGHTHOUSES**

BOSTON, Nov. 25.—Capt. Bill W. ...

The most serious charge with printed matter relating to distributing the 101 issue of the now-banned *Larson*, a Toronto weekly newspaper. The charge contends the site contained reports or statements, described as "Communist," and Joseph Chish. Toronto's editor, who was arrested from an alleged breach of the Defence of Canada Regulations.

News of his homecoming was accompanied by an account of his most recent exploit, transportation of eight political exiles who had been banished from La Paz to a military post at Apolo.

SEATTLE, Nov. 25.—Seattle's port commission telegraphed a request to the United States Maritime Commission today for American refrigerator ships to replace two Canadian Pacific liners withdrawn from the Orient trade by the Empress of Japan and the Empress of Russia have been transferred to "other service."

**apan Warns Of Counter Measure To Export Block**  
**TOYOKU, Nov. 23**—The Japanese foreign office today said Japan might take counter measures if Britain's announced blockade of German exports should affect Japan's "vital interest."

**Oil Is Predicted**  
**Key To Victory**

LONDON, England, Nov. 25.—Sir Oswald Mosley, leader and founder of the British Union for the Preservation of Parliament, today predicted the war will be won on oil and will end in 1940. He urged Britain, now dependent on imports of oil, extract oil from her coal reserves.

**Ends Hunger Strike**

COBOURG, Ont., Nov. 23—An official at the county jail said today that Samuel Hoffman, held on a charge of violating the defence of Canada regulations, had ended his hunger strike after a week of refusing food.

## THIS CURIOUS WORLD

by  
WILLIAM KERR

### The SMARTEST PEOPLE ONCE THOUGHT...

...THAT SLEEPING IN  
THE LIGHT OF LUNA,  
THE MOON, WOULD  
MAKE YOU LOONEY.

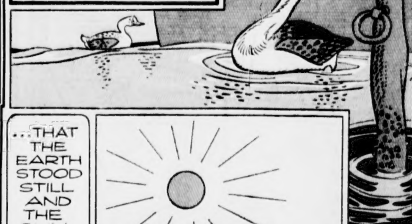

...THAT SWALLOWS SPENT THE  
COLD WINTER MONTHS BURIED  
IN MUD, AT THE BOTTOM OF  
LAKES AND PONDS.

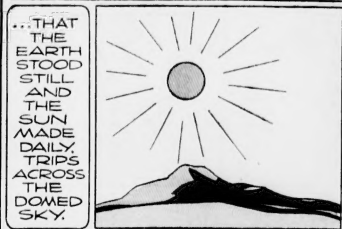

...THAT THE SKY WAS A SOLID  
DOME, TO WHICH THE STARS  
WERE ATTACHED.

...THAT TOMATOES WERE  
POISON, AND USEFUL  
ONLY AS ORNAMENTS.

...THAT BARNACLES  
SOMETIMES TURNED  
INTO GEESE.

...THAT  
THE EARTH  
STOOD STILL  
AND THE  
SUN MADE  
DAILY TRIPS  
ACROSS  
THE DOME  
SKY.

...THAT YOU'D FALL  
OFF THE EARTH IF  
YOU WALKED TOO FAR.

### FRECKLES AND HIS FRIENDS

By Blosser

I'M SORRY, SON,  
BUT YOU HAVE  
YOUR OWN  
CAR!

BUT I HAVE A  
DATE WITH JUNE,  
POP!

I CAN'T TAKE A GIRL OUT  
IN MY JALOPY ON A  
RAINY NIGHT LIKE  
THIS!

THAT'S YOUR  
PROBLEM  
!!

.....JUST REMOVE THE VALVE CORE,  
AND LET THE AIR OUT OF ONE OF  
THEM! I'LL GIVE YOU  
A NICKEL!

OKAY!

THEN ALL I'LL HAVE TO DO IS  
PUMP IT UP! YOU COME BACK  
IN AS SOON AS YOU'VE  
DONE IT!

OK!

POP, YOUR  
CAR HAS A  
FLAT !!

GEE, I'M GLAD YOU  
DIDN'T LET ME TAKE  
IT THEN,  
POP!

IF YOU FIX IT, I'LL  
LET YOU USE THE  
CAR TONIGHT  
FRECKLES!

WELL---OKAY--- BUT  
JUST THIS  
ONCE!

BOYBOY...IT WORKED! GET  
OUT THE PUMP TAG, AND  
TILL PUMP UP  
THE TIRE!

WHICH ONE  
ARE YOU  
GONNA FIX  
FIRST?

WHICH ONE?  
WHAT DO YOU  
MEAN?

WELL, I LEFT THE AIR OUT OF  
THE LEFT ONE BECAUSE THE  
RIGHT ONE ALREADY  
HAD A NAIL  
IN IT!!

"This

old world of ours is full of strange people; strange animals; strange facts and strange fancies. Old Mother Nature works wisely and well, but sometimes her ways are too deep, too

Curious

for us to fathom. But there's a way to keep in touch with the vagaries of nature and learn the whys and wherefores of her strange ways. Daily in The Bulletin, "This Curious

World"

EDMONTON, ALTA., NOVEMBER 25, 1939

## Bulletin

Service to its constantly increasing army of readers has brought wide recognition. Its news is brief and pithy, easy to read, accurate and fair, while its
